ASQB Pty Ltd - Water Ingress Issue Resolution – Disclaimer and Conditions of Service

Last Updated: [20.09.2024]

1. Acceptance of Terms

By accessing or using the services provided by ASQB Pty Ltd ("ASQB"), including but not limited to water ingress issue resolution, you agree to be bound by these Terms of Service. If you do not agree to these terms, please refrain from using our services.

2. Conditions of Service

Water ingress issues are treated as a matter of priority. However, we must highlight the following notes and disclaimers:

- a) With best practice standards, ASQB will carry out an assessment and propose the implementation of water ingress solutions that we deem viable.
- b) Our extensive experience and knowledge provide us with confidence in our methods and practices, however, due to limited visibility and access, ASQB cannot guarantee or warrant the effectiveness of any water ingress solutions and repairs.**
- c) The prevention of water from entering its current location may potentially redirect it to another area of the building. ASQB will not assume responsibility if the redirection of water leads to additional issues.
- d) In certain situations, flyscreens may obstruct access. While we will handle their removal and reinstallation with care, ASQB cannot guarantee that they won't sustain damage in the process. If flyscreens are damaged during water leak repairs, ASQB will not be held responsible for rectifying the damage.
- e) By agreeing to the above terms, the owners agree to pay all invoices pertaining to site visits and repairs, irrespective of the efficacy of the implemented solution.

If you require a guaranteed solution, please do not engage ASQB to carry out this service. We recommend engaging a remedial engineer who specialises in identifying and resolving water ingress issues. Engaging their services may be more suitable for those seeking a fully guaranteed outcome.
