

LEADERS IN RESIDENTIAL  
WINDOW SAFETY COMPLIANCE,  
GLAZING AND MAINTENANCE

## END OF LEASE WINDOW LOCK REPORT

COMMITTED TO REDUCING THE  
RISK OF NON-COMPLIANCE FOR  
REAL ESTATE PROPRIETORS

## OUR DIFFERENCE

---

ASQB are Australian leaders in residential window safety compliance, glazing and maintenance, servicing Strata Managers, Real Estate Property Managers, Owners Corporations and Home Owner communities.

All of our services are backed by our own internal committed teams, guaranteeing a rapid and efficient offering, allowing us to continually deliver the highest quality of work that we're renowned for in the industry.

We are proud to offer five bespoke services to our clients. Overleaf, we outline more detail specifically related to our End of Lease Window Lock Report service.

## END OF LEASE WINDOW LOCK REPORT

Given the risks associated with non-compliance as a Real Estate Licensee-in-Charge, ASQB ensures that Property Managers are meeting Window Safety Legislation via our End of Lease Window Lock Report service.

During a lease, the risks of window safety devices becoming non-compliant are high due to misuse and lack of care by tenants. Our committed team ensures that the relevant legislative criteria is met via a thorough inspection and completion of End of Lease reports relating to all windows.

As part of this service, our team is equipped to repair, replace and install window safety devices on the spot.

Our expert team allows Real Estate Proprietors to rest easy, knowing they have the expertise, commitment and experience of ASQB.
